### HOTEL COMFORT

With a total of 178 rooms, divided into 17 categories, we have come up with a variety of creative themes all around the hotel. Some of them we have designed together with selected local partners (e.g. FM4, Falter, Supersense, Atelier Karasinski). All of them are perfectly suited for your weekend getaway or your business trip, because comfort is all around! Always expect: lots of Vienna vibes and many things to discover...

### HOSTEL VIBE

New Encounters are important to us, when travellers meet locals, that's when the magic happens. Whether at a small concert, a reading or simply at BRENNER, our lobby cafe. We embrace it!

### HOME FEELING

When travelling to a foreign city, is there a better place to spend the night, than at a good friends home? We are such a home. Where you can meet old or make new friends, where everything is based on trust. Warm, honest, lively and personal – always with an open ear for a good conversation. Welcome home!
